Dear Colleagues,

It is with great pleasure that we announce the upcoming symposium "**ALL-AROUND PELVIC FLOOR ANATOMY: INTERNATIONAL SYMPOSIUM**," which will take place on **April 18 & 19, 2024** at Fondazione Policlinico Gemelli - Università Cattolica in Rome, Italy.

This symposium promises to be an exceptional gathering of professionals dedicated to advancing our understanding of pelvic floor anatomy and aims to provide a comprehensive exploration of this intricate and vital subject. We have assembled a distinguished panel of experts and researchers from around the world who will share their insights, latest findings, and innovations in this field.

Key highlights of the symposium include:

In-depth presentations on the latest research and breakthroughs in pelvic floor anatomy.

Sessions showcasing cutting-edge research in the field and panel discussions led by renowned experts. Live Surgery performed by expert surgeons with different surgical approaches and anatomical perspectives. Networking opportunities to foster collaboration and knowledge exchange.

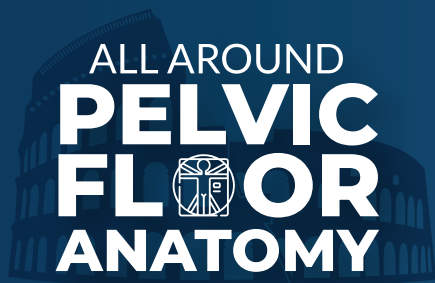

Further details, including the agenda, registration information, and accommodation options, will be shared with you in the coming weeks. In the meantime, please feel free to contact the organizing committee office at info@molipharma.com
